

SBML Forum 2009

September 3–4
Final closing

Special thanks

- All the presenters for their efforts, time, and good will
- Linda Taddeo for doing a million things (dealing with ICSB 2009, dealing with Kinko's/FedEx, dealing with the restaurant, etc., all remotely from Caltech)
- Sarah Keating & Akiya Jouraku for rapid Level 3 support in libSBML
- Stefan Hoops & Lucian Smith for getting me lunches
- Brett & Frank for getting me coffee
- **You** (the audience) for being here, participating, discussing, caring

Special thanks

Future meetings

- ◎ Likely changes to meeting structure
 - Hackathons → **HARMONY**
 - HAckathon on Resources for MOdeliNg biologyY
 - SBML + BioModels DB + MIASE + ?
 - One meeting, one location, 5 days but less travel/time overall
 - Forums → **COMBINE**
 - COmputational Modeling in Biology NEtwork
 - SBML + MIRIAM + MIASE + SBO + CellML + ?
 - Decouple from ICSB
 - ▶ Although next year may still be approximately at same time
 - One meeting, one location, 5 days but less travel/time overall
