SBMLeditor update

rodrigue@ebi.ac.uk

<http://www.ebi.ac.uk/compneur-srv/SBMLeditor.html>

Funded by:

EMBL-EBI

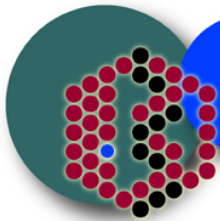

European Bioinformatics Institute

Basic use demo

- Adding elements
- Adding annotations
- Equation editor

Funded by:

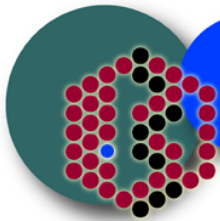

EMBL-EBI

European Bioinformatics Institute

New features

- SBW interaction
- Display/Hide annotations and other elements
- SBML level 2 version 2
- Pure SBML java objects using the adapter pattern to use libSBML 2.3.4 or libSBML 3.0 or any java XML parser library but having always the same interface presented to the user interface or/and the simulator

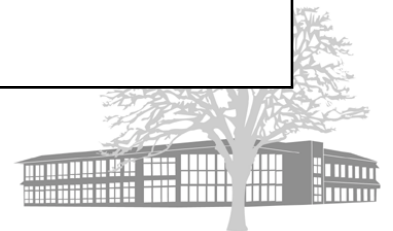

EMBL-EBI

European Bioinformatics Institute

Future

- Use Web services miriam, SBO...
- Include biomodels import/export (cellML, bioPax, XPP,..)
- SBML level 3 support

Funded by:

Thanks

Pre-release to try/test :

- <http://www.ebi.ac.uk/compneur-srv/sbml/SBMLEditor-1.0-20061011-install.exe>
- <http://www.ebi.ac.uk/compneur-srv/sbml/SBMLEditor-1.0-20061011-install.bin>
